

The quality of our people, service and technology.
That's the Morris Packaging difference.

What We Do

We build and supply packaging for large consumer companies.

Essentially, **we build bags.**

Morris Converting converts, packs and ships plastic bags to a variety of customers, nationwide. Our new, state-of-the-art facility, located in Jefferson City, MO, currently has the largest capacity to create bags in North America.

Careers

Great vision without great people is totally irrelevant, and we know it.

By joining the Morris Packaging team, you will become part of one of the most exciting teams in the packaging industry. As we grow with our customers, we aim to seek highly motivated and well-trained individuals with the following administrative or technical backgrounds:

- Administrative Assistant
- Line Operator
- Maintenance Technician
- Quality Control Technician
- Shift Supervisor
- Warehouse/Shipping Coordinator

To learn more about current position openings, contact our Human Resources Department at: HR@morrispkg.com or (309) 663-9100.

Benefits

Comprehensive protection you need today and in the future.

Morris Packaging offers a comprehensive benefits package to provide the protection you need today and in the future. This includes:

- Competitive Salary
- 401K Contribution Plan
- Health, Vision, Dental Insurance
- Paid Time Off
- Climate Controlled Facility
- Shift Differential – 2nd and 3rd Shifts

**Morris Packaging is a Minority Business Enterprise and equal opportunity employer.*
